Satori School Summer Update ~ June 29, 2020

Dear students and families of Satori School,

Today at 3:00 pm, Governor Doug Ducey gave an Executive Order that all schools delay the return of in-person education until August 17th, 2020. I understand that this delay raises many questions for you and me. I will be looking at all possible avenues including: delaying the start of school, what an online start to the school year would mean, and any other possible scenarios that would best serve the needs of our students, employees, and families.

I will share any information I gather by the end of the week. Now back to the COVID-19 handbook drawing board.

Thank you for your patience in this ever-changing world we are living in! Stay safe and give each other a hug for me,

Jo

Joanna Honea
Executive Director/Head of School
