Satori School Update ~ August 4, 2020

Dear Satori Students and Families,

I apologize for the delay in reaching out. It has, in all honesty, been a little busy around here. The staff has been meeting and everyone is excited to get the year going even though it won't be what we were wishing for. I am finding that there has been some confusion on our start date and general information about distance learning, so I want to try and clarify any questions you may have:

- **School starts virtually on August 6th for Kindergarten-8th grade.** You should have received an email from your child's teacher by now. If you haven't, please let me know.
- Preschool classes will not begin until we are able to return safely to the classroom.
- With this ever fluid-moving time we are in, I will be sending out more surveys to see where our families are and what direction we need to take. Please take the time to fill these out so we can make necessary decisions. The next survey will arrive in the next couple of days. It will be regarding Targeted Support Services for Students and Families.
- Once AZDHS sends out guidelines for reopening, we will have a Zoom Meeting to let everyone know where we stand and what the plan is. The Pima County Health Dept also came out with suggested guidelines to follow and we will be looking at those as well. Please keep an eye out for that meeting in the next week or so.
- Once we are able to open our building for in-person learning you will still have the option for distance learning for as long as you need. We will send out more details on that once we know when this will be happening.
- You will be receiving some tutorial videos to help with logging onto Clever, Teams, math, ALEKS, etc. Please keep an eye out for those.
- An email will be sent to you with your child's account access information later this week. Another copy will also be given to you along with any paperwork you might need to pick up.
- Thank you to everyone who has returned registration. I understand it is a lot of pages and appreciate the time you are taking to get it done. If you have not sent in your Registration Packet, please do so immediately. The information we are asking for is required by the state. I would suggest saving it before you send it in case there are any technical issues. If you encounter any problems, please contact our Registration Team at registration@satorischool.org.

Thank you so much. Working together we can make this a great year,

Jo
