Satori School Update ~ May 13, 2021

Dear Satori Students and Families,

I am having a hard time wrapping my head around the fact that school is less than 2 weeks from ending. I feel in some ways we just got started and in other ways like it could not end soon enough. Most, if not all of us have been in survival mode this year and yet here we are. We were able to successfully bring back students that wanted to return in a safe manner, our teachers learned how to teach remote and online, and every time our governor changed the rules we adapted quickly, efficiently, and safely.

It is such a great feeling to walk into the upper classrooms and hear discussions on who is going to get their vaccines and if their parents signed them up yet. There was definitely a feeling of relief and excitement in the air.

PCHD is fairly confident that they do not see schools closing at all next year and once students 12 and under can get vaccinated we can probably get back to normal (whatever that is).

You will be receiving a survey from me regarding next year so we can plan for the 2021/2022 school year. Please keep an eye open for the survey sometime early next week. I would like families that are leaving to fill it out as well.

You should be hearing from me with class assignments and information about your child's teacher sometime in June.

It has been an honor to have your children with us this year. Thank you for believing in us and trusting us with your children either in person or remotely. I look forward to seeing most of you soon. Stay safe this summer and be well.

Much love,

Jo
