Satori School Update ~ November 01, 2021

Dear Satori students and families,

I am emailing to let you know that we have had a positive COVID-19 case at Satori School. All close contact families have been contacted. If you haven't heard from me directly, there is no need to worry.

This email is mostly just a reminder to families that if your child has any symptoms such as a cough, sore throat, fever, or headache they must stay home until their symptoms improve and are fever free for 24 hours. In most cases, a negative COVID -19 test will be required to return. I now have BINAX tests in my office if you are in need of one.

Please know that our diligence and commitment our mitigation plan is working. We just need to keep with it and not let our guard down. I appreciate all of you and your willingness and understanding.

Feel free to reach out if you have any questions, but keep in mind that I am unable to provide any information regarding the person who tested positive.

Jo
