Satori School Update ~ January 2, 2022

Dear Satori Students and Families,

Happy New Year!

I hope everyone has had a healthy and restful break.

As we face the latest COVID-19 surge, Satori is planning to continue to follow the mitigation plan that has worked well so far to protect our community. This includes masking, social distancing, frequent handwashing, and keeping a closed campus.

Students and staff who are not feeling well should stay home. Families can take advantage of rapid testing to help us all stay healthy. If you need help locating a test, just let us know.

At this point, we are suggesting that students and staff wear disposable masks and to bring extras for themselves so that we can be sure everyone is protected all day long. We have received a generous donation of masks to help out. If you are interested in helping out in this way, please give us a call.

Take a moment to review our mitigation plan; you can find it [here](#).

Feel free to reach out with any questions.

Stay healthy and let's have a terrific new year!

Jo
